* Includes children aged 21 or younger and living at the same address.

** Generally, the production or completion of a document or form is considered an uninsured service. However, there are specific circumstances listed in the Health Insurance Act under which the completion of a form may be insured, such as when the document/form is required to receive certain benefits under the Ontario Disability Support Program or to receive anything under a program administered by the Minister of Health.

Fees align with rates recommended by the Ontario Medical Association, also accounting for administrative costs.

Please note that this list is not exhaustive, and all fees are subject to change.
